### Happy Families - Have you...

Shuffle the cards and deal four cards to each player.

The rest of the cards are placed face down in a pile.

Each player in turn, asks for a card from one of the families that he/she has in his hand. For example: if 'Player A' has one of the 'Have you seen...' and 'John Cleese' he/she can ask one of the other players for 'Rowan Atkinson' 'Jude Law' or 'Daniel Radcliffe'.

Player A asks, "Have you seen...?"

The other player then says, "Yes, I have." (if he/she has a 'Have you seen...' card in his hand).

Player A can ask for one of the cards and asks, "Have you seen Daniel Radcliffe in Harry Potter?" If the other player has it, he/she says, "Yes, I have" and hands it to Player A.

It is Player A's turn again. Player A's turn finishes when he/she receives a FAMILY or when the other player doesn't have the card he is asking for.

When Player A finishes his/her turn he/she picks up a card from the centre pile.

If when Player A asks "Have you seen...?" and the other player says, "No, I haven't." (if he/she doesn't have a 'house card' in his/her hand).

Player A picks up a card from the centre pile and it is the next player's turn.

The winner is the player with the most FAMILIES at the end of the game.
