**How to play the Memory Game.**

**Before the activity:**
Cut up all the cards from pages 1 to 3.
Shuffle the cards and place them face down in the middle of the group.
You can place all the question cards on left and the answer cards on the right.

**The activity:**
Each student in turn, picks up a question card and an answer card.
If the answer cards matches the question, then the student receives that pair. If it doesn't match the student turn the cards over and it is the next student's turn.

The student with the most pairs at the end, is the winner.
