

## Grammar Test!

All this grammar is driving me crazy,

The difference between now, every day - it's all very hazy.

The teacher says that we have a test in the present tense,

I really don't know what she means, and where to commence.

Can you help me please...?

What is the difference between 'I see' and 'she sees'?

What is the difference between 'Do you' and 'Are you'?

I want to pass my test, so I really wish that I knew.

Can you help me please...?

All these 'WH' Questions are too much for me,

Where, What, When, Who, Which... Why can't there be just three?

Yes / No Questions, what are they?

I have no clue... everything seems very grey.

Tomorrow is the test, still no idea, maybe I'll ask my best friend Maria.

She is so clever; she is always ready to help me, whatever!

So, I'll sit at the table and go over the material,

And drown my sorrows in a nice bowl of milk and cereal.
